MOVING LABOR · SALEM, OR

Launch guide: from files to booked jobs.

Every step to put the website online, start receiving leads, get verified on Google, set up your listings, and run each job, in order, in plain language.

	PHASE	WHAT YOU GET	TIME
1	**Put the website online**	Your site live at your own web address	about 1 hour
2	**Turn on lead delivery**	Quote requests arrive in your email	15 minutes
3	**Get on Google**	Verified profile on Google Maps and Search	1 hour + 2–7 days
4	**Listings and social**	Facebook, Instagram, Nextdoor, Yelp, Bing, Apple	one evening each
5	**Start getting jobs**	Marketplaces, Craigslist, cards and flyers	days 2–7
6	**Run every job**	Lead → quote → job → paid → review	every job
7	**Decisions still open**	Cancellation policy, insurance, third mover	when ready

ALREADY DONE FOR YOU

- 19-page website, estimator, quote form
- Listing copy for every platform
- Social graphics, job photos, logo
- Print-ready cards and flyers with QR codes
- Pricing, scripts, templates, checklists

HOW TO USE THIS GUIDE

Work top to bottom and tick each box. Steps marked **"Ask Claude"** can be done for you: open this project in Claude and type the request shown.

File names like `GBP_CONTENT.md` are in the project on GitHub. The last page is a one-page cheat sheet.

PHASE 1

Put the website online

Time: **about 1 hour**
Plus up to 1 hour waiting

Your website is finished and stored on GitHub, but it isn't public yet. This phase makes it public at your own web address. All the work is saved on a branch named `ccr-60a728e4-birtu0`. "Merging" copies it into `main`, the version the public site is built from.

Step 1.1 · Choose your web address

Your email is on **restassuredmoving.net**, so you likely already own that domain. Using it for the website is best: customers see one name everywhere.

- [ ] Confirm you own **restassuredmoving.net** (look for it at the company that runs your email or where you bought it: GoDaddy, Namecheap, Google, Squarespace...).
- [ ] If you don't have a domain yet, you can start on the free GitHub address `503vincent24-spec.github.io/Rest-Assured` and switch later.

Step 1.2 · Put your web address into the site

Many files hold a placeholder (`[YOUR-DOMAIN]`, `[WEBSITE URL]`) where your address goes. One command fills all of them.

> **ASK CLAUDE**
> "Set the domain to **restassuredmoving.net**." Claude runs `tools/set-domain.sh`, checks the result, and saves it to the branch.

Use the address you'll keep. Once filled in, the placeholders are gone. Switching later means a find-and-replace (Claude can do that too).

Step 1.3 · Merge the work into main

1. Go to **github.com/503vincent24-spec/Rest-Assured** and sign in.
2. Click the **Pull requests** tab → **New pull request**.
3. Set **base: main** and **compare: ccr-60a728e4-birtu0**. GitHub should say *"Able to merge."*
4. Click **Create pull request**, give it a title like "Launch website", and create it.
5. Click **Merge pull request** → **Confirm merge**.

> **OR ASK CLAUDE**
> "Open a pull request from the branch into main." Then you only click **Merge**.

Step 1.4 · Turn on GitHub Pages (free hosting)

1. In the repository, click **Settings** → **Pages** (left menu).
2. Under **Build and deployment**, set Source to **Deploy from a branch**, Branch to **main**, folder **/ (root)**. Click **Save**.

3. Wait 1–10 minutes, then open `https://503vincent24-spec.github.io/Rest-Assured/`. You should see your homepage.

Step 1.5 · Connect your domain

1. Still on **Settings → Pages**, type **restassuredmoving.net** under **Custom domain** → **Save**.
2. Sign in where your domain's DNS is managed and add these records:

TYPE	NAME / HOST	VALUE / POINTS TO
A	@	`185.199.108.153`
A	@	`185.199.109.153`
A	@	`185.199.110.153`
A	@	`185.199.111.153`
CNAME	www	`503vincent24-spec.github.io`

3. Wait 10–60 minutes. Back on **Settings → Pages**, when the DNS check turns green, tick **Enforce HTTPS**.

> **DON'T BREAK YOUR EMAIL**
>
> Only add the records above. **Do not delete or change any MX or TXT records.** Those deliver your email to Shawn@restassuredmoving.net. If old A records for `@` already exist, replace only those.

Step 1.6 · Check the live site

- [ ] Open **restassuredmoving.net** on your phone and on a computer. The padlock shows in the address bar.
- [ ] Tap **Call** and **Text** at the bottom of the phone screen. Both open with (971) 302-0120.
- [ ] Try the estimator: 1 bedroom, Loading + Unloading. It should say **$333–$475**.
- [ ] Open the menu (☰), visit every page, and check the photos load.

PHASE 2

Turn on lead delivery

Time: **15 minutes**
Do it right after Phase 1

The quote and contact forms send leads to **Shawn@restassuredmoving.net** through a free service called FormSubmit. It needs a one-time "Activate" click. **Until you click it, no website leads reach you.**

Step 2.1 · Activate

1. On the live site, open **Get a Free Quote** and send a test request with your own name and phone. Write "TEST" in the notes.
2. Check Shawn@restassuredmoving.net for an email from FormSubmit (look in **Spam** and **Promotions** too). Click **Activate Form**.
3. Send a second test quote. It should arrive as a neat table, and the site should show the **thank-you page**.
4. Send one test from the **Contact** page as well.

WHAT EACH LEAD EMAIL SHOWS

Name, phone, email, best time to call, services, move date, home size, truck status, addresses, notes, the online estimate they saw, Full Wrap or same-day if chosen, "how did you hear about us", and the **lead source** (which ad or site sent them).

RECOMMENDED · ASK CLAUDE

FormSubmit's activation email includes a random code. Forward it to Claude and say: "Use this FormSubmit code in the forms." It hides your real email address from spam bots.

If you change the web address later, send another test. FormSubmit may ask you to activate again.

Step 2.2 · Make sure you never miss a lead

- [ ] Turn on email notifications on your phone for Shawn@restassuredmoving.net.
- [ ] Save (971) 302-0120 voicemail with your business greeting: "You've reached Rest Assured Moving. Text this number for the fastest reply."
- [ ] If sending ever fails, the site automatically offers visitors a pre-written email and your phone number, so a lead is never lost.

Step 2.3 · Tell Google about the site

1. Go to **search.google.com/search-console** → **Add property** → enter **restassuredmoving.net** (Domain) and follow the verify step. It adds one TXT record at your DNS. That record is safe; it doesn't affect email.
2. Open **Sitemaps**, enter `sitemap.xml`, click **Submit**.
3. Use **URL Inspection** on the homepage, Services, FAQ, and Service Area pages → **Request indexing**.

PHASE 3

Get verified on Google

Time: **about 1 hour**
Google reviews it in 2–7 business days

A verified Google Business Profile puts you on Google Maps and in local search. It's the biggest single source of local customers. Only Shawn can do it, from his own Google account. **The website must be live first** (Phase 1); Google checks that it shows the same name and phone.

Step 3.1 · Create the profile at business.google.com

Business name	**Rest Assured Moving LLC**, exactly. Don't add words like “Salem Movers”; that's the top reason profiles get suspended.
Category	**Mover**. Add **Furniture assembly service** as a second category.
Location customers visit?	**No.** You work at customers' homes. Your own address stays private.
Service areas	Salem, Keizer, Woodburn, Albany, McMinnville, Beaverton, Hillsboro, Tigard, Portland
Phone / website	(971) 302-0120 · restassuredmoving.net
Description, services, hours	Copy from `GBP_CONTENT.md` (Mon–Sat 7 am–7 pm, Sunday closed)

Step 3.2 · Verify (usually a short video)

Google picks the method. Today it's usually a **video recording**, sometimes a text code, email, or live video call.

Have ready: a branded shirt or the printed business cards (`print/business-card.pdf`), your blankets, dollies and straps, and your **Oregon LLC registration** (on screen or printed).

Record one continuous 30–60 second clip, no edits, in this order:

1. A Salem street sign or landmark, then the outside of where you keep your equipment.
2. Your equipment and branding: blankets, dollies, straps, shirt, business cards.
3. Unlock your garage or storage unit with your own key, and show the LLC registration with the business name visible.

Upload it in the **Google Business Profile app**. Don't film customers' homes or faces, and don't show a rental truck as if it's yours.

> **IF IT'S REJECTED**
>
> Fix what Google names (usually extra words in the name, a website that isn't live, or a phone that doesn't match), wait 24 hours, and click **Get verified** again. **Never create a second profile**; duplicates get both suspended.

Step 3.3 · The day you're approved

- [ ] **Review link:** Profile → **Ask for reviews** → copy the link. Ask Claude: “Here's my Google review link: … put it everywhere.”
- [ ] **Photos:** upload the logo `assets/social/profile-1000.png`, the cover `assets/photos/upload/job-full-wrap.jpg`, and all 8 photos in `assets/photos/upload/`.
- [ ] Turn on **Messages** and the **quote** button (link to your quote page).
- [ ] Publish the first post from `GBP_CONTENT.md`. Aim for one post a week.
- [ ] **Bing Places** (bingplaces.com): import your Google profile. **Bing Webmaster Tools**: import from Search Console. ChatGPT and Copilot search use Bing.
- [ ] **Apple Business Connect** (businessconnect.apple.com): same name, phone, hours, area. Puts you in Apple Maps and Siri.

Skip Google Local Services Ads for now. They require proof of liability insurance.

PHASE 4

Listings and social profiles

Time: **one evening per platform**
Week 1

Everything you need to paste and upload is already written and made. Use the **exact same name, phone, and hours everywhere**. Google compares them.

Step 4.1 · Get the files onto your computer or phone

1. On **github.com/503vincent24-spec/Rest-Assured**, click the green **Code** button → **Download ZIP**.
2. Unzip it. Graphics are in `assets/social/`, photos in `assets/photos/upload/`, print files in `print/`.

Step 4.2 · Set up each platform

PLATFORM	COPY AND STEPS	PROFILE PIC · COVER
Facebook	`ONLINE_LISTINGS_LAUNCH_KIT.md` §3, posts in `FACEBOOK_CONTENT.md`. Pin Post 1 and share it to your profile and 3 local groups.	`profile-1000.png` · `facebook-cover-photo-1640x624.png`
Instagram	`INSTAGRAM_GUIDE.md`: 13-post plan with captions, highlight covers. Pin posts 9, 2 and 1.	`profile-1000.png` · posts in `instagram/`
X (Twitter)	Launch kit §3b. Reserve the name; pin `ig-06`.	`profile-1000.png` · `x-header-photo-1500x500.png`
Nextdoor	`NEXTDOOR_GUIDE.md`: business page + intro post.	`profile-1000.png` · `facebook-cover-photo-1640x624.png`
Yelp	`YELP_PROFILE.md`: claim the page, fill every field. **Never ask customers for Yelp reviews** (Yelp's rule).	`profile-1000.png` · upload all 8 job photos
Angi	`ANGI_PROFILE.md`. Only once you can call leads back within 5 minutes; Angi charges per lead.	`profile-1000.png` · job photos

RULES FOR EVERY LISTING

- **Labor only.** Never say or imply you provide trucks, driving, delivery, or transport.
- **Licensed, not insured.** Never tick an “insured” or “bonded” box.
- **Only real reviews of Rest Assured.** Never post reviews from another company (such as Cherry City Movers) or write reviews for anyone.
- **Profile picture is always the logo.** Real photos go in covers, galleries, and posts.

PHASE 5

Start getting jobs

Time: **days 2–7**
Then ongoing

Step 5.1 · Moving-labor marketplaces (fastest first jobs)

These sites send customers who have **already rented a truck and need labor**, which is exactly what you sell. The platform asks every customer for a review, so your track record builds fast.

- [ ] **U-Haul Moving Help** (movinghelp.com → become a provider): background check, ID, bank account.
- [ ] **HireAHelper** (hireahelper.com → become a mover). Insurance isn't required for labor-only jobs.
- [ ] Optional: **TaskRabbit** (furniture assembly) and **Thumbtack** (pay per lead).
- [ ] List as **Rest Assured Moving LLC** with the same phone and logo. Price a little lower until you have about 10 reviews. Read each platform's fees before your first job.

Step 5.2 · Craigslist

- [ ] Post **Ad 1** (Salem) and **Ad 5** (Portland) from `CRAIGSLIST_ADS.md`, with `craigslist-ad-1-1200x900.png` first, then 2–3 job photos.
- [ ] When an ad is about 48 hours old, press **Renew** in your account (don't delete and re-post). Keep at most 2 live ads per city. Reply scripts are in the same file.

Step 5.3 · Print and hand out

- [ ] **Business cards:** upload `print/business-card.pdf` to Vistaprint, Moo, Staples or a local shop. Standard 3.5 × 2 in, double-sided, matte, 14–16 pt. Order **500**. Hand two to every customer.
- [ ] **Flyers:** print `print/flyer-laundromat.pdf` and `print/flyer-apartments.pdf` in color on plain paper, 50 of each. Each QR code tells you which flyer the text came from.
- [ ] **Where:** laundromats (ask the manager first), apartment leasing offices (around the 20th of the month), U-Haul dealers, storage facilities. Scripts: `REFERRAL_PARTNER_TOOLKIT.md`.

Step 5.4 · People you know

- [ ] Text 20 people: “I've launched Rest Assured Moving. If you or anyone you know is moving, I'd appreciate the referral.” Usually brings 1–3 leads.
- [ ] Referral reward: **$25 off for both** the past customer and the new customer. Use the referral cards.

> **THE RULE THAT WINS JOBS**
>
> **Answer every call, text, and message within 15 minutes** during business hours. In moving labor, the first one to respond usually gets the job.

PHASE 6

Run every job

Every lead, every job

1 · A lead comes in

- Reply within 15 minutes. Ask the 5 questions in `SALES_PLAYBOOK.md`: move date (flexible?), home size and stairs, which truck or container, which cities and which end(s), and anything to pack or take apart.
- Note **how they found you** (the lead email shows it for web leads).

2 · Quote

- Use the estimator or the cheat sheet on the last page. Say the crew size, hourly rate, and likely range.
- Offer **Full Wrap** when they book both ends and have nice furniture, a long drive, a storage unit, or rain coming.
- **Same-day request?** Check a crew is truly free *before* saying yes. Quote $115/hr (2 movers) or $155/hr (3), text the rate and arrival window, and wait for a "yes" by text. If no crew is free, offer tomorrow at the regular rate.

3 · Confirm in writing

- Send the confirmation email from `EMAIL_TEMPLATES.md` (rate, crew, date, arrival window).
- For bigger jobs, send `SERVICE_AGREEMENT_TEMPLATE.md` and get "I agree" back. Have an Oregon attorney review it once.
- Day before: send the reminder template and confirm the truck is booked.

4 · Job day

- Use `JOB_SITE_CHECKLIST.md`: arrival, walkthrough, wrap everything, load heavy and low, final walkthrough with the customer.
- The clock runs from arrival to the end-of-job walkthrough. 2-hour minimum, then 30-minute steps.
- Report any damage to the customer before you leave, and handle it directly.

5 · Get paid and get the review

- Payment is due at the end: cash, card, Venmo, Zelle, Cash App, or PayPal. Use `invoice-template.html`.
- Ask for a **Google** review in person, then send the review email within 24 hours (`REVIEW_MANAGEMENT_SYSTEM.md`). Never ask for Yelp reviews.
- Hand over two business cards and a referral card.

6 · Once a month

- Fill in the lead-tracking table (`ONLINE_LISTINGS_LAUNCH_KIT.md` §5). Put more time and money into the two sources that book the most jobs.
- Add new job photos and real reviews (with permission). Ask Claude to add them to the site.

PHASE 7

Decisions still open

When you're ready

DECISION	WHY IT MATTERS	THEN
Cancellation policy	The FAQ and service agreement say rescheduling is free but don't set a cancellation rule. Pick a notice period (for example 48 hours) and a fee.	Ask Claude: “Our cancellation policy is …”
Liability insurance	Not required to operate or to list on HireAHelper. Some apartment buildings ask movers for an insurance certificate, and Google Local Services Ads requires it.	If you buy a policy, ask Claude to update every “not insured” answer.
Third mover	With 2 employees, 3-mover jobs (2-bedroom both ends and bigger) need an on-call helper or a marketplace mover.	Line one up, or ask Claude to offer 2-mover crews only.
Crew photo	A photo of Shawn or the crew at work is the best single image for Google and the About page.	Send it to Claude to add.

If something isn't working

PROBLEM	FIX
Site shows a 404 or old page	Wait 10 minutes after merging. Check **Settings → Pages** shows branch **main**, folder **/ (root)**.
Domain doesn't load	DNS can take up to an hour. Check the 4 A records and the www CNAME exactly match Step 1.5.
“Enforce HTTPS” is greyed out	GitHub is still issuing the certificate. Try again in 30–60 minutes.
Test quote didn't arrive	Check Spam. Make sure you clicked FormSubmit's **Activate** link. Send another test.
Email stopped working	An MX record was changed. Restore it from your email provider's setup page.
Google verification rejected	See Step 3.2. Fix the named issue, wait 24 hours, retry. Never make a second profile.
A price or detail needs changing	Ask Claude. Prices appear in many files; Claude updates them all and re-checks they match.

KEEP BY THE PHONE

Cheat sheet

(971) 302-0120
Shawn@restassuredmoving.net

RATE	REGULAR	SAME-DAY
2 movers	**$95/hr**	$115/hr

Referral	$25 off for both, after the new customer's job

ALWAYS · NEVER

- Reply within 15 minutes
- Confirm rate and crew in writing
- Wrap furniture, every time
- Walk through every room before leaving
- Ask for a **Google** review

- Offer trucks, driving, or transport
- Say “insured” or “bonded”
- Use another company's reviews
- Ask for Yelp reviews
- Promise a same-day crew you don't have
